Creative Enrichment and Art Education

After School Workshops Summer Camps and Art Classes!

Let's Gogh Art believes that creativity is at the heart of all education. Our programs foster creativity through a broad exposure to all forms of art media, tools and techniques. Described as

"wicked cool" and "totally awesome", our themed "fun" shops help art explorers make the connection between art and the amazing world we live in. They are offered at schools, community centers, libraries and preschools all over Western MA and CT. Call for availability in your community.

"It was a huge success! The program was creative, fun, well organized and the instructor was very inspirational and helpful. We look forward to running many more Let's Gogh Art's creative and unique classes and summer camps." - Bryan J. Litz, Director, Wilbraham Parks & Recreation
