**Let's Gogh Art** delivers a variety of Vacation Programs for recreation departments, country clubs, community groups, schools, libraries, camps, preschools, daycare centers and more.

During school and summer vacation weeks, organizations can choose a single visit (with educational and entertaining activities), or a full week program (a three hour art-venture per day).

Let's Gogh Art provides hands-on and minds-on, art-based experiences enjoyed in a stress free and non-competitive environment. Our programs are so much fun children forget they are learning. With a bit of whimsy and wacky we help art explorers think outside the box about art as it relates to the amazing world we live in!

Our high-energy and experienced staff know how to keep a crowd interactively engaged, focused and well behaved. All of our programs offer an exceptional value, especially when compared to other options. The best part, everyone goes home with memories and masterpieces. Fees and duration vary by location and are dependent upon size of group, projects/theme chosen and duration. Contact us today to discuss a Vacation art-venture.
